Throughout the Buckeye State:

2 of 2 review helpful Excellant for those who enjoy exploring the outdoors By Alex fhcpresb aol com This a great book for hikers in Ohio It describes in detail many hikes of varying length all over the state However sometimes the descriptions in the book don t seem to match the actual trail A more detailed map and a compass are often helpful All this is not to say that this is not a great guidebook The hikes In this first all Ohio hiking guide naturalist and veteran hiker Ralph Ramey shows the delights of hiking in the Buckeye state s incomparable system of state parks forests wildlife areas nature preserves and historic sites
