theses mercredi 10 juin 2015 The Tennessee, Green, and Lower Ohio Rivers Expeditions of Clarence Bloomfield Moore (Classics Southeast Archaeology):

0 of 0 review helpful Five Stars By Southernjoel Great book I was impressed by the large size and font This richly illustrated book is the eighth of nine Classics in Southeastern Archaeology volumes based on Moore s investigations along the waterways of eastern North America This oversized reprint volume presents original materials from Moore s northernmost expeditions conducted in the early 1900s as he surveyed areas of potential archaeological interest in the southeastern United States Some of the sites he found were later targeted for major This is a very important volume with great materials and great illustrations undoubtedly one of the best Moore volumes in the whole set
