O (Classic Reprint):

1 of 1 review helpful A poor reproduction of a really interesting resource By Richard This is a really poor reproduction of what is actually a really interesting resource I was shocked that the Library of Congress would put their name this The images are not centered on the pages they are made up of both greyscale and black and white scans and much of the pencil art is faded and hard to see There is a color scan of the Excerpt from Picturesque on the B O Lication in oooe form in t zis instance tlzere is really no call for sue i At t ze risk of appearing driven for Me want ofsoncet zing more original to say it can well oe stated that t zis little ooo c spea cs for itself A glance over its pages will guiclely disclose an answer to t ze question w zetner or not its utterance lias soon to saclz point as to interest t iiose designed to oe interested and if t ze answer oe in tlze ne
